If you have a Zone winner at your club, you must provide the ATA#, name, mailing address and UPS delivery address of the winner. **UPS will not deliver to a PO Box.** This **must** be sent via email in an **Excel file**.

By Monday July 15th, send the following to:

Sandra McAllister
959 S.W. 10th Street
Macksville, KS 67557
shootkta@gmail.com

3. Please review the ATA rule book pertaining to the trophy list and rules concerning Zone Shoots prior to the shoot. The ATA will furnish 96 trophies for the shoot. The Zone will provide 9 additional trophies for the shoot. There is a complete list below as well as in the rulebook. Each host club should furnish club trophies as they feel are needed.
4. During telephonic shoot offs, have your shooter(s) fire only two (2) rounds of 25 targets each for singles and handicap and ONLY two (2) rounds of 10 pair each for doubles before calling results back to the central location and entering into the website.

Website Instructions

The website, www.shootatazone.com, is available to anybody with internet access. Please make shooters aware that they can monitor scores on their own if they have internet access through their phone, tablet or laptop. In this way we hope to generate more enthusiasm and interest in the shoot. To make this more effective, you should upload your event data periodically throughout each event. New data files will overwrite your previous upload. At the very least you must upload your data at the conclusion of each event.

General Procedure:

1. You can upload preliminary unofficial scores at any time. At end of event after all scores, classes and categories have been verified as correct, upload scores to the website.
2. At conclusion of shooting for the day, verify that all shoot sites have reported their final scores by checking the "View Event Entries" screen on the website.
3. Shoot-off targets for each sub-event need to be posted to the website as soon as they are verified as correct. It is our desire that shooters only shoot as many targets as are necessary to determine a winner. To accomplish this, the shoot-off sub-event scores must be posted immediately, and someone at each site must be monitoring the website data to determine whether additional sub-events need to be shot. Shoot-off scores must be entered as follows: 25-25-25-24-25.
4. In other words, enter the sub-event scores separated by a hyphen. Carry-over scores will be automatically entered by the website.
5. **Obvious high scores (100 or 200 straight) can start banking targets as soon as possible.** Post the shoot-off scores and monitor the website as described above.

Detail Daily Procedure

Thursday-if Applicable

There are no Zone-wide trophies for Thursday; however, it is strongly recommended that you upload your event data at the conclusion of each event to verify there aren't any problems. At the very least, your data needs to be uploaded at the end of the day. Print and post at your site the "Event Entries" data. Print and post any other data that you deem of interest to the shooters at your site.

2. Class singles and Doubles ties will be carried over to the respective Championship events. Preliminary Handicap will be shot-off.
